The Terminal boosts and advertises Richmond, directly increasing your property values.

VOL. X

RICHMOND, CALIFORNIA, FRIDAY, May 23, 1913

No. 21

Richmond's Water Supply Important

Fast Growing City May Have Serious Problem to Solve. Supply Inadequate.

Mr. Chandler of the real estate firm of Chandler, Bourn & Miller, San Francisco, was in Richmond yesterday looking after the firm's interests here. Mr. Bourn is interested in the domestic water supply and plans of the commissioners of the new district. He intends to put down wells to supply the present requirements of those building homes on the company's property which cannot get an adequate supply from the present source.

The water supply is a knotty problem to solve and the commissioners are acting with deliberation, as there are many angles to the question. The final solution will come when the east bay cities are entirely supplied by the Hetch Hetchy or some other substantial source. Richmond consumes daily 6,000,000 gallons of water. In five years at the present increase of population twice that amount will be required. With a short supply now to contend with, the commissioners have some "deep thinking" to do to relieve the situation.

Warren H. McBryde Succeeds C. J. Rihn

Governor Johnson yesterday appointed Warren H. McBryde Contra Costa supervisor to succeed C. J. Rihn, resigned. The appointment has met with the approval of the entire people. McBryde is a progressive, chairman of the county republican committee and a broad-minded exponent of the principles that have made the country look to California in solving many of the important problems now before the people. Governor Johnson made a wise selection in appointing Warren H. McBryde.

Hearing Postponed.

The rivers and harbor board has postponed the hearing of the Richmond project, which will detain the committee of Richmond capitalists who contemplate going to Washington to solicit the government to take favorable action on the harbor improvement for Richmond. The date has been postponed to June 16, when Colonel Rees will be present to assist in outlining improvements to be made before the war department officials.

May Not Be "Friendly Suit."

The lawsuit for the tunnel right of way condemnation against the city of Richmond will prove to be no friendly suit. The Santa Fe does not favor municipal competition so near their west yards. Then, again, if location is changed without vote of the people, the whole bond issue will be invalidated. It is said about \$35,000 of the funds has been expended. It would be the proper thing to get busy before all the funds are used up for expense.

Offer a Tunnel Route.

The Point Richmond Wharf and Warehouse Co. has offered the city a new route for the tunnel, since litigation over the original tunnel route seems inevitable. The wharf and warehouse company offers a free right of way over their holdings on the bay shore and claim that their route is more convenient and less expensive than the one now proposed which has a 2000 foot gas well to remove, besides the litigation to contend with.

Subway Accident.

Accidents are becoming frequent in the 16th street subway, a trap for automobiles and pedestrians. Monday morning at 2:30 Harold Larson and Otto Matthews in coasting down the steep incline smashed into one of the steel supports with their machine, resulting in serious injuries to both men, Larson being in a precarious condition with a fractured skull and internal injuries.

The Terminal printed it for me

Richmond and Albany In the Bright Light

Commandant Charles F. Pond of the Twelfth Naval District Recommends Albany.

Special to The Richmond Terminal. WASHINGTON, May 23.—The recommendations of Captain Chas. F. Pond, commandant of the 12th naval district, with headquarters at the custom house, San Francisco, are being favorably considered by the government officials. Captain Pond recommends the east bay shore along the waterfronts of Albany and Richmond for the large naval base. It is understood that site is favored by Colonel Rees of the U. S. Army Engineer corps, who has made an exhaustive study of the new harbor plan for the east bay cities.

BOOSTERETTES.

The opening of Seventh street may be completed about August 1.

H. L. Penry will do the brick work on the Elks building, which means a good job.

Another new garage will occupy a 25-foot frontage on Cutting near Tenth.

Thirty-one building permits have been issued this month totaling \$80,000.

Good wages are paid Richmond employees and they can afford to ride on the electric cars with their families.

On North Richmond waterfront, near San Pablo Bay, will be one of the largest freight yards in California.

Everybody in Richmond is prosperous. No complaints of factories laying off help. The dinnerpail is full.

County Supt. of Schools W. H. Hanlon recommends the annexation of San Pablo school department with that of Richmond.

W. D. Clark of San Francisco has secured a permit to construct a \$2500 brick business block on Macdonald east of 23d street.

C. H. Meyer has secured a permit yesterday to build a three story hotel between Ohio and Florida to cost \$4000 when complete.

The San Francisco-Oakland Richmond Terminals railway company will soon remove the wooden poles on Macdonald avenue.

Another skating rink will soon be started between Sixth and Seventh on Bissell. The present rink is making about \$50 per day.

Citizens east of the subway are looking for that elevated railway or sidewalk or aeroplane route. The suffragettes will have to take this matter up in the interest of the school children.

The civic center natives at 23d and Macdonald and in fact all the boosters on that thoroughfare are in favor of paying the long frontage on that thoroughfare immediately after the widening process. They will sign up, and will not retard the improvement.

Butchers' Picnic and Ball.

The butchers' picnic Wednesday was observed in full by the members of the fraternity who stand behind the block and wield the cleaver, and the annual picnic and celebration was generally observed around the bay. Canned goods, sardines, ham and eggs had a big run on Wednesday, but slumped perceptibly on Thursday when the shops opened and fresh meat was placed on sale. The dance given by the butchers at East Shore Thursday night was largely attended and was enjoyed by many visitors as well as local residents.

Senator Caminetti Immigration Head

Popular Californian Is Nominated For Position of Commissioner General.

WASHINGTON, May 22.—The appointment by President Wilson of Anthony Caminetti of Jackson, Cal., was semi-officially announced yesterday. Caminetti is senator from the tenth district of California and is a staunch friend of labor. He is a strong advocate of single tax and other economic questions and has devoted much time to the study of immigration. President Wilson made a wise selection in the appointment of Mr. Caminetti to a position so closely identified with the interests of white labor of the Pacific Coast.

City Briefs.

A new garage is being built on 23d and Macdonald.

Work on the new Gordon flats has been commenced.

The city council will hold a special session tonight.

C. W. Baker and family have moved to San Francisco.

A. L. Ramage had a Riverside deal on in real estate this week.

City Attorney Hall went to Sacramento Wednesday on professional business.

J. Smith has returned from Fresno and resumed work in the Santa Fe shops.

Mr. and Mrs. C. D. Lloyd left Wednesday for Chico on a two weeks vacation.

The Pythian Sisters initiated a class of candidates Monday night at Pythian Castle.

W. H. Pickens has sold his rooming house at 16th and Macdonald to C. M. Rathbun of Chico.

Steel for the Elks building will soon be on the site of the new structure to grace Tenth and Macdonald.

Members of Miramar Chapter Order of Eastern Star attended the funeral of the late John Murray yesterday.

There will be an entertainment and banquet given at Bank hall tomorrow night by Richmond Grand Army Post No. 201.

O. J. Rogers, with the Home Realty Co., of Modesto, accompanied by his family, visited friends in Richmond this week.

Richmond public library was burglarized Tuesday night and a clock and four dollars in silver was taken. There is no clew.

St. Mark's Catholic church, Tenth and Bissell, will give their annual parish entertainment and dance at Maple hall July 19.

The Richmond club has arranged to have Miss Blanche Norse, well known club woman, speak here on June 2 at the public library.

Richmond is to have a large military band, if preliminary arrangements are successful in securing the desired membership.

E. B. Frank, A. E. Stull, Ed Witte and O. J. Ripley were the committee who made the Tuesday night banquet and get together of Redmen a success at Pythian Castle.

Harold Larsen, who was injured in an auto accident in the subway at 16th street Monday, is not expected to recover. His skull was fractured and he was injured internally.

The brick work on the Anderson building on the west side will be done by contractor H. L. Penry. The building permit was issued by City Architect J. B. Ogden Wednesday.

General Manager W. W. S. Butler of the Western States Gas and Electric, with headquarters at Stockton, has resigned. He will be succeeded by Samuel Hay of Tacoma.

Mr. and Mrs. D. L. Erwin entertained Mr. and Mrs. Frank S. Horner at the former's San Pablo home Sunday night, the occasion being a farewell party previous to the departure of the Horners on an extended eastern trip.

First Presbyterian Sunday Services

Unusual Program to Be Rendered at One of Richmond's Churches.

There will be unusual services at the First Presbyterian church Sunday all day. Come and see and hear what our Sunday school is doing and then sit quietly and hear Miss Tara P. Hunt of the Royal

REV. G. A. WHITE

Academy of Music, London, in one of her choice solos and the pastor on the theme: "Things Undone." Then if you are young or feel so, come with the junior congregation which meets at the church at 6 o'clock, where you will see the boys and girls at their work in their church service, which will be followed immediately by the C. E. at 8:30 and then the evening service at 7:15, theme "Sources of Happiness," a study of 100 letters recently sent out to ask: What is the source of your unhappiness? All are welcome.

S. S. Picnic.

Arrangements for the Wesley M. E. Sunday-school picnic tomorrow at Grand Canyon park have been perfected by the board and a grand time is assured those who attend. There will be a baseball game and athletic events.

CONDENSED LOCAL.

Success to Chas. G. Yonce. He deserves it.

Coun Bros. are improving the interior of their real estate office.

Charles Teague, a Fresno capitalist, was a Richmond visitor Wednesday.

Rev. A. C. Austin of Oakland has accepted the call of the First Baptist church of this city.

No. 6 firemen held a smoker and banquet Wednesday night. J. C. Leber acted as toastmaster.

The Richmond Terminal's subscription list is increasing by "leaps and bounds." There is a reason.

Edw. Hasey is in Brentwood attending the commencement exercises of the John Swett high school.

The Wesley M. E. church choir, I. L. Dearborn, director, is rehearsing for the G. A. R. services to be held Sunday.

Richmond's new federal building will be constructed to meet the demand ten years ahead of the present time. Congressman Curry is getting busy.

The Richmond Terminal is right with the workingman. The workingman constitutes the large majority when it comes "right down to tacks."

Richmond Odd Fellows will hold memorial services at the First Methodist church June 15. Rev. Ralston, pastor of the church will deliver the address.

A Richmond delegation of W. O. W.'s attended the district convention in Hayward last night. James Hoey, of Martinez, was elected delegate to represent this county at Cripple Creek, Colorado.

The elegant new store of Chas. G. Yonce was formally opened last night, and until a late hour crowds inspected the clothing palace and listened to the sweet strains of music, rendered by the orchestra. Mr. Yonce undoubtedly has the finest clothing store in Contra Costa county.

Free Tunnel Right of Way Offered City

Richmond Warehouse Company's Offer Not Considered by Solons.

All members present except McDuff and Owens. Willis mayor pro tem. Nineteenth street improvement from Macdonald to Clinton given to Galbraith at \$14,845.32.

Joe Vassallo was awarded the contract for street sprinkling. Bids were received for a 600 gallon sprinkling wagon. Referred.

Communication from Richmond Warehouse Co. offering free right of way for tunnel project, ordered filed.

Warren Bros. communication presenting license agreement, on motion of Follett was filed.

Communication from W. H. Dickson in regard to erection of gas tanks in vicinity of First street and Chauslor, asking council to forbid same. Ordinance to be drafted forming gas district.

Fire chief of No. 2 asks for maps showing location of hydrants.

Western States gas suggestion for arc lamps at Fourth and Pennsylvania and Commercial and Cutting, filed.

Twenty-third street improvement ordered filed until street widening is completed.

Improvement of Portola in vicinity of 14th referred to engineer.

Arc light asked for at First and Bissell referred to light committee.

A petition was submitted by property owners for the opening of 8th street across the Santa Fe. Referred to city engineer and attorney for plans, etc.

Follett moved that fire hydrant inspection by department members be discontinued and that city engineer furnish inspector in conjunction with Peoples Water company.

Seconded by Ludewig, carried. Election bills, miscellaneous and otherwise totaling \$2220.39 were ordered paid and council adjourned to meet Friday night in special session.

Purman in Police Court.

Wednesday morning at about 2:30 M. M. Purman who resides with his sister on Twenty-first street, caused quite a commotion. Being in an intoxicated condition, he became abusive to his sister, making serious threats of violence, it is alleged, leading to his arrest. He was lodged in the city bastille until his appearance before the police judge Wednesday. The judge fined the defendant \$10 and released him with the admonition that a repetition of the offense would mean a longer term in prison. Purman's sister is a plucky and honorable little woman.

Philpott Will Quit.

The Philpott Dry Goods Co., one of the oldest establishments in Richmond, has announced a bonafide going out of business sale. Mr. Philpott's ill health is the cause, and his many friends will regret to see him leave Richmond. He will probably make the Southland his future home.

Mrs. Alice Whitbeck will attend the state convention of librarians at Santa Barbara June 9 to 14.

Albany property holders are endeavoring by petition to get rid of the "fifth wheel of the wagon" by dispensing with the sidewalk inspector, and requiring the city marshal to fill the job.

Rural Carrier Exam.

On Saturday, May 24, 1913, the U. S. Civil Service Commission will examine eligible applicants for carrier on Richmond R. F. D., No. 1 for outlying districts at San Pablo and Stege. For detailed information inquire of Postmaster Samuel Jenkins.

Elegantly bound books of fiction by Hall Caine, Jack London, Harold Bell Wright, and standard authors, 25c each. Terminal Stationery Store, 618 Macdonald avenue.

LOST—An assessor's personal property receipt book, between county line and Sunnyside hotel, San Pablo. Reward. Finder leave at this office. 13-61

"BING"
The Suit of Quality
\$20.00 Worth of Clothes Value
For \$15.00

Buying a "Bing" suit for \$15.00 is just like buying a \$20 gold piece for \$15. The "Bing" has all the good qualities that most stores \$20 suits have, besides having many good joints they don't have. Coats with shape retaining fronts and trousers of the latest model. Materials for dress or business wear in the newest gray and brown combination. Come in and slip into a "Bing" and note the difference between it and the ordinary \$15 suit.

CENTRAL MARKET, Phone 4461, No. 1122 Macdonald Avenue
UNION MARKET, Phone 581, Macdonald Ave. and 22d Street.

PLAN TO KILL ALIEN LAND MEASURE

Exclusion League Takes Steps to Get Referendum Vote on New Law

Leasing Clause Lead to Be Objectionable—More Stringent Law Proposed by Initiative

San Francisco, May 12.—The Asiatic Exclusion League voted yesterday to instruct its executive board to take the proper steps to submit the Webb alien land law to a vote of the people of California. The league's president, O. A. Tveitmo, said that this action meant that the league would, as soon as practicable, begin the circulation of referendum petitions for the purpose of calling special election for popular referendum vote on the alien land law as recently enacted by the California legislature.

According to Tveitmo, it is the intention of the Asiatic Exclusion League not only to ask the people of California to veto the Webb law, but to enact the same special election another and much more drastic alien land law.

"We are opposed to the Webb law," said Tveitmo, "because the clause under which aliens not eligible to citizenship are permitted to lease agricultural land for a period of three years, and to re-lease the same for three-year periods indefinitely. This clause in the law destroys the very purpose of the law itself. It is an invitation to Orientalists to come here and occupy the lands of California. We are also opposed to the Webb law because it will tend to hinder the passage of the immigration bill now pending in congress. This bill provides for the exclusion of all Asiatic laborers."

In justification of the action taken by the league, Tveitmo submitted figures showing that there are now in California about 75,000 Japanese and about 35,000 Chinese.

The executive board of the league will meet tonight at the rooms of the league, 715 Haves building, for the purpose of beginning the work of drafting the petition for the recall of the Webb law and the enactment of a severer alien land law.

During yesterday's meeting of the league the whole alien land law situation was discussed and addresses were made by William A. Cole, Charles F. Knight, Thomas Trebell, Rufus A. Summers, T. R. Angove, T. E. Keough, James French, Mrs. L. C. Walden, M. C. Penny, F. W. Judson and others.

The annual election of officers of the league resulted in the re-election of the present officers by acclamation.

CEMENT DONATED FOR OCEAN-TO-OCEAN ROAD

Chicago—Friends of the ocean-to-ocean highway movement today feel that they are nearer the attainment of their goal than they have been for some time and are consequently greatly pleased. A pledge which approximates the gift of something like 2,700,000 barrels of cement has been received by the promoters, who feel that this puts their project on a more solid foundation, literally speaking, than it has been at any time since the movement was started.

The cement was pledged by the Association of American Portland Cement Manufacturers, whose mills extend from coast to coast and who in executive session at the Blackstone hotel promised to give 1 per cent of their gross output for the next three years toward the highway project.

NO LONGER DANGEROUS TO HANDLE PAPER MONEY

Washington—Those who have hesitated to amass wealth because of the warning to "beware the billions of bacteria that lurk in every bill" need hesitate no longer, according to Dr. W. C. Rucker, assistant surgeon general of the public health service. He declared that tests and examination of currency, both washed and unwashed bills, showed them to be singularly free from germs. He attributed this to the ink used in printing the bills, which he said had proved to be a most perfect germicide.

RAILROADS TAKE STEPS TO INCREASE RATES

Washington—During the past week Eastern railway managements took the initial step toward their attempt to increase their freight rates when representatives of fifty-two lines east of the Mississippi and north of the Ohio and Potomac conferred with the interstate commerce commission on a formal application to reopen the "Eastern advance case," which was decided against the railroad two years ago.

Exhibits to be Duty Free
Washington—The senate committee on industrial expositions has favorably reported Representative Keener's bill providing free admission under bond of foreign exhibits intended for the Panama-Pacific exposition at San Diego. The bill passed the house May 10.

International Municipal Congress
Washington—The government of Belgium has invited the United States and the separate states to be represented at the first international congress of cities to be held in Ghent in July. The congress will be devoted to the main topics of city building and the organization of municipal life.

Would Arrange to Cede Alaska Strip to England

Washington—A proposal to cede to Great Britain the coast strip of southeastern Alaska, 536 miles long, and in some places eight or ten miles wide, is made in a joint resolution introduced by Representative Stevens of Texas at the request of the Universal Peace Union at Philadelphia.

The resolution requests President Wilson to negotiate with Great Britain for a commission to investigate the possibility of rectifying the boundary of southeastern Alaska "for the benefit of both parties."

The preamble sets forth that the border should be adjusted to remove the unnatural boundary by which the Yukon territory, the northern half of British Columbia and almost the entire Mackenzie Basin, an aggregate area nearly as large as the states east of the Mississippi river, are shut off by the coast strip from free use of the most direct route to the Pacific.

The resolution suggests that such a move would set an example in the policy of mutual concession that would constitute "a glorious achievement in history."

JOHNSON SIGNS THE ALIEN LAND LAW

Sacramento, May 19.—Governor Johnson this morning signed the anti-alien land measure.

Governor Johnson's statement on signing the alien land law was as follows:

"I repeat what I have before said. California for the first time has an alien land law. Any man who wishes another kind of law may consistently invoke the initiative. No man who really wishes an alien land law will sign a referendum as to this law."

"If another law is sought, this may be presented by an initiative petition and in the meantime the present law will be in operation. To tie up the present law by referendum means no law until November, 1914."

Japanese Ambassador Is Given Reply of U. S.

Washington, May 19.—Secretary Bryan late today handed Ambassador Chinda the reply of the United States government to the Japanese protest against the California alien land legislation. The ambassador immediately cabled it to Tokyo. No indication of the nature of the reply was given out.

Upon learning through press dispatches that Governor Johnson had signed the Webb land act, Secretary Bryan telephoned Viscount Chinda and invited him to come to the state department to receive the reply which he had been anxiously awaiting since the presentation of his note on May 9.

When the answer had been determined, the secretary and ambassador conferred earnestly for an hour regarding the general aspect of the problem which they were trying to solve.

Of course the opinions expressed were tentative, as, for his part, the ambassador felt that he must be guided entirely by the directions of the foreign office at Tokyo, and he could only surmise what might be the attitude of the officials at home. Meanwhile, it was understood that both the Japanese protest and the state department's answer would be withheld from publication, for the present at least, on the ground that it would be injudicious to submit the delicate questions at issue to heated discussion in the newspapers and at possible mass meetings.

GRAND LODGE OF ODD FELLOWS ELECTS OFFICERS

Los Angeles—Frank D. Macbeth of San Francisco, winning the only contested place, was chosen grand warden of the Grand Lodge of Odd Fellows. Santa Cruz was chosen for the 1914 convention. The other officers selected were:

Grand master, Thomas H. Selva, San Francisco; deputy grand master, A. P. Johnson, San Diego; grand warden, Frank D. Macbeth, San Francisco; representative to the Sovereign Grand Lodge for one year, Charles L. Snyder of San Jose, retiring grand master.

Secretary, H. T. Richardson, San Diego; treasurer, James W. Harris; trustee of Odd Fellows' Home, D. A. Sinclair, Oakland; grand trustees for one year, E. H. Black, San Francisco; John Gleason, Grass Valley, and Joseph Foster, San Diego.

The auxiliary order of Rebekahs elected Jennie A. Bennett of Los Angeles president, Fanny M. Lacy of Santa Ana, vice-president; Mary A. Donahoe, re-elected secretary.

ILLITERACY BEING BANISHED BY "MOONLIGHT SCHOOLS"

How illiteracy is about to be banished from a Kentucky county through the "moonlight schools" is interestingly told in a statement by Mrs. Cora Wilson Stewart, Superintendent of Rowan county, addressed to the United States commissioner of education. The school workers have on record the name, location and history of every illiterate in the mountain county, and are able to make a special study of each individual case. One by one the illiterates are interested in the work of such schools as the "Moonlight School on Old House Creek;" in the past two years the thousand and more illiterates have been reduced to a few hundred; and it is believed that the last vestiges of illiteracy will be wiped out by the close of the present year.

MEXICAN SITUATION UNSATISFACTORY

Complications Resulting From Non-Recognition Are Discussed

Recognition of and Loans to Huerta Government by Foreign Nations Is Cause

Washington—Another crisis impends in the Mexican situation. It has direct relation to the Monroe doctrine. A large part of President Wilson's two and a half hour conference with Secretary of State Bryan was devoted to Mexico. The Wilson-Bryan policy thus far has consisted simply of a refusal to recognize the Huerta government until an election could be held and a constitutional president elected. General Huerta's protests that he is a constitutional president fell on deaf ears in Washington.

Because of this lack of American recognition and the unsympathetic attitude of the administration toward bankers, great New York bankers have refused to make the Huerta government loan necessary for the prosecution of the campaign against the revolutionists. Agents of Huerta have scoured Wall and Broad streets in vain. Other agents were dispatched to Europe. Great Britain without awaiting the initiative of the United States, recognized the Huerta government. France did likewise.

Alarmed at the prospect of a full war chest at Mexico City, General Venustiano Carranza, most prominent of revolutionary leaders in Mexico, and who styles himself as "chief executive of the Mexican constitutional government," gave out, through his agents in Washington and elsewhere, that his government would recognize no debt contracted by President Huerta.

This means that if the revolutionists gain control of the government at Mexico City they will repudiate any loan made to the Huerta government. Notwithstanding this warning, certain London and Paris bankers are prepared to take considerable of the Mexican loan. But it must be offered at 80 and be amply secured.

Should President Huerta, despite this prospective acquisition of funds, be overthrown and a succeeding government repudiate the loan a situation would develop closely related to the Monroe doctrine and affecting the policy of the United States toward the intricate problem of Latin-American indebtedness. So far as the Wilson administration is concerned this policy is yet undefined. By recognizing the Huerta government France and England have paved the way for the insistence that any succeeding government must assume its indebtedness.

Great Britain, by a mild form of coercion, has just brought Guatemala to time in the matter of a long overdue debt. This marked the return to the collection of Latin-American debts by European creditor nations themselves, as was their practice before the United States began to act as bailiff in Santo Domingo. When Great Britain, Germany and Italy in 1903 sought to compel Venezuela to pay up, the Monroe doctrine was invoked to an extent that caused President Roosevelt to intervene in behalf of a peaceful settlement.

The pressure on the administration to recognize the Huerta administration as the provisional government of Mexico is daily growing stronger. The president is strongly opposed to extending recognition to the government, which he believes came into being through the assassination of President Madero. At the same time it is evident that there can be no honest election in Mexico while the country is torn with revolution.

Washington, May 17.—The Mexican embassy tonight announced that it had received word from its foreign office that Russia and Japan had sent letters of recognition of the Huerta government. This, the embassy says, leaves only Italy, Germany and the United States of the great powers to be heard from.

SECRET PACT BETWEEN RUSSIA AND CHINA ALLEGED

London—A secret agreement between Russia and China was signed recently, according to the Peking correspondent of the Daily Telegraph, under which China cedes complete autonomy to outer Mongolia, whose frontier has been delimited.

This agreement, which the correspondent says is certain to cause a storm throughout China when it becomes known, saves Kobo and Ulasutai, besides all the Kirghiz country and extreme northwestern Mongolia. Autonomous Mongolia will measure more than half million square miles, and no such surrender has been chronicled since 1898, when the port Arthur and Kiao-Chau coups were recognized by treaty.

Fruit Growers' Convention

Sacramento—The semi-annual convention of the California Fruit Growers will be held in San Jose July 22, 23 and 24, according to the announcement of State Horticultural Commissioner A. J. Cook. Two speakers of national reputation are expected to address the convention—Dr. Webber of Cornell University and Dr. C. N. B. Lipman, connected with the University of California and the department of agriculture.

Smith Trustees Ask Creditors To Assist in Settlement of Affairs; Can Pay in Full

San Francisco—Two communications, addressed, respectively, to the creditors of the Realty Syndicate and to the creditors of Frank M. Smith were issued during the week by the trustees who are seeking to reorganize the tangled affairs of the companies in which the Oakland millionaire and his associates are involved.

These letters, which will be sent to all the creditors interested, including those holding "investment certificates," request especially that the recipients place their notes or certificates in trust with the Mercantile Trust company, under the control of the board of trustees, which is working on the re-establishment of Smith's fortune, in order that unity of interest may be established.

The plan proposed has been unofficially approved by W. R. Williams, superintendent of banks, and H. N. Morris, examiner of national banks, both of whom have issued statements in which confidence is expressed in the plan and in the ability of the men constituting the board to bring order out of the tangle.

The trustees have before them an immediate task of meeting a debt of \$2,500,000 due N. W. Halsey & Co. June 12. This note is secured by the physical properties of the San Francisco-Oakland Terminal Railway, which includes the Key Route system and other transbay interests of Smith and his associates. There is pledged to meet this Halsey note property valued at approximately \$3,500,000, which will be lost to the Smith creditors if the payment is not met on the date mentioned.

With this obligation discharged, the trustees will be in a position to utilize the earning capacity of the Key Route system, the Oakland Traction Consolidated, the Realty Syndicate lands department and other resources in strengthening the Smith assets, according to John S. Drum, secretary of the committee.

The holders of secured notes and investment certificates in the Smith interests number from 3000 to 3500, and the obligations due them amount to between \$3,750,000 and \$4,000,000. These investors are for the most part persons of small means, who chose to invest in the Smith securities, which pay 6 per cent rather than put their savings in savings banks paying 4 per cent interest.

The committee believes with time granted payment of 100 cents on the dollar is certain.

POSTOFFICE CHANGES IN CALIFORNIA AUTHORIZED

San Francisco—Postoffice changes in California are announced by Postmaster Arthur Fisk of San Francisco as follows:

New offices—Ricardo, Kern county; Rough and Ready, Nevada county; Berry Creek, Butte county; Keyes, Stanislaus county; Ohm, Nevada county; Terra Buena, Sutter county; Bullion, Placer county; Burke, Sonoma county; and Herald, Sacramento county. Names changed—Lamosa, San Bernardino county, to Alta Loma; Vista Grande, San Mateo county, to Daly City; Imperial Junction, Imperial county, to Hobgood.

Discontinued—Sheldon, Sacramento county, mail to Elk Grove; Copley, Shasta county, mail to Keswick; West Satecity, Ventura county, mail to Smartsville; Ladoga, Colusa county, mail to Sitas; Pine Knot, San Bernardino county, mail to Redlands.

ASKS MORE FUNDS FOR SAN FRANCISCO HARBOR

San Francisco—The state harbor commission has passed a resolution requesting the sale of bonds to the amount of \$3,000,000 for harbor improvements in San Francisco, the money to be used for improvements along the city's water front. The request is made under the San Francisco harbor improvement act of 1909. The resolution will be forwarded at once to Governor Johnson.

The 1909 act provided for a \$9,000,000 bond issue for improvement of San Francisco harbor. Two million has now been used for this purpose.

DISMISSAL OF DARROW CASE IS FORESHADOWED

Los Angeles—Action which, it is said, may ultimately operate as a dismissal of the remaining indictments against Clarence S. Darrow, the Chicago lawyer, accused of jury bribery in the McNamara case, has been taken by Assistant District Attorney Ford. On motion of the prosecutor, Judge Wood, acting presiding judge of the superior court, struck the indictment from the calendar, leaving the case to be reset at the option of the district attorney.

China's Real Problem

Chicago—William J. Calhoun, retiring minister to China, has returned to his home in this city. Mr. Calhoun said that thus far the federal government of the new republic has been largely a figurehead without real power. The real problem, and one which will take many years, is the adapting of the people themselves to the new system of government.

Chief of Markets Division
Washington—Charles J. Brand of the Field museum of natural history, Chicago, has been appointed chief of the newly established division of markets in the department of agriculture.

NO COMPROMISE IS WORD OF WILSON

President Out Strongly for Free Sugar and Wool in Three Years

May Be Slight Charges in Tariff Measure, but House Bill Is Expected to Pass

Washington—President Wilson came out strongly as the champion of free wool and free sugar in three years as provided for in the tariff bill recently passed by the house. He announced emphatically that he was not considering compromise of any sort, that he stood squarely behind the measure as it passed the house and that he regarded it as the duty of the Democratic majority in the senate to fulfill its platform pledge by enacting the house bill into law.

"I'm not the kind," said the president, "that considers compromises when I take my position. I have taken my stand with the house leaders for the present bill. Enough said. I am not looking for or accepting compromises."

The president's utterance was made to a half hundred newspaper correspondents who were gathered as usual at the White House for the semi-weekly conference. At the same time the senate was engaged in protracted debate, at the end of which an agreement was reached to vote on the question of public hearings on the tariff bill. While the president smilingly let it be known that he was expressing no opinion whatever for hearings and that this was a question for the senate to dispose of, his statement of unqualified support for the house bill was taken generally to mean that he considered arguments from special interests on the tariff schedules to have been closed when the measure passed the house. He is understood to regard the effort to obtain the hearings as a filibustering device.

The correspondents were about to leave the office when the president asked if it were true that reports were being circulated of compromises on the wool and sugar schedules. There had been rumors that concessions of some kind would be made on the principal schedules in order to satisfy opposition in the senate. The president had been told by friends that in some sources there was a confident expectation that a duty would be put on raw wool, or that the provision for free sugar after three years would be dropped. It was to counteract these statements that he took occasion to make his position clear.

Of course, it is expected at the White House that there will be minor changes in the bill made by the finance committee, certain equalizations and corrections which have been approved by house leaders since the bill left their hands, but in the principal schedules, such as wool and sugar, the president is determined that there shall be no change if he can prevent. There were even intimations that he might veto a bill that came from the senate with amendments on wool or sugar.

SENATE COMMITTEE FAVORS SUFFRAGE AMENDMENT

Washington—Senator Chamberlain's resolution proposing an amendment to the constitution to give the ballot to women has been ordered favorably reported by the senate woman suffrage committee.

Chairman Thomas and Senator Owen, Democrats, and Senators Jones, Sutherland and Clapp, Republicans, voted for the resolution, while Senator Carson, Republican, voted against it. When the resolution is reported by Chairman Thomas an effort will be made to have it taken up during the present session if tariff legislation does not interfere.

Suffragists are hopeful of its passage.

INTERNATIONAL FORCE IN POSSESSION OF SCUTARI

Cettigne, Montenegro—An international naval force, commanded by Vice-Admiral Cletci Bureau of the British navy has taken possession of the fortress of Scutari. The international force was escorted into the city by a Montenegrin guard of honor.

Vienna—Official figures of the Bulgarian losses in the war, published at Sofia, give the following estimate: Killed, 380 officers, 29,711 men; wounded, 950 officers, 52,550 men; missing, 3193.

A conference of the Austrian and Hungarian ministers was held to arrange for further mobilization, now that Balkan peace is assured.

BILLS INTRODUCED PERMIT BRIDGE ACROSS S. F. BAY

Washington—A companion of Senator Works' bill embodying the scheme of a Los Angeles engineer to bridge San Francisco bay from a point near the Presidio to Oakland, has been introduced in the house by Representative Kahn.

The bridge planned is five miles long, with facilities for car, vehicle and other passengers. The bill authorizes the war department to grant a permit for the construction of the bridge, which is planned to swing high enough above the bay water to permit the free passage of ships.

That Tired Feeling

That comes to you every spring is a sign that your blood is wanting in vitality, just as pimples and other eruptions are signs that it is impure. Do not delay treatment, but begin at once to take Hood's Sarsaparilla, which accomplishes its wonderful results, not simply because it contains sarsaparilla, but because it combines the great curative principles of many roots, barks, herbs and other valuable ingredients.

Hood's Sarsaparilla

The Medicine that makes people feel better, look, eat and sleep better; the remedy for stomach, kidney and liver affections, rheumatism, catarrh, scrofula, skin diseases, Boils, Debility, and other ills arising from impure or impoverished blood.

"I felt tired all the time and could not sleep nights. After taking Hood's Sarsaparilla a little while I could sleep well and the tired feeling had gone. This great medicine has also cured me of scrofula." Mrs. C. M. Root, Box 25, Gilead, Conn.

DAISY FLY KILLER
placed anywhere, kills all flies, mosquitoes, house flies, etc. Made of purest ingredients. No harm to children or pets. One bottle will kill all flies in a room. Guaranteed effective. Sold by druggists, or sent by express, prepaid.
HAROLD BOMBER, 100 DeKalb Ave., Brooklyn, N. Y.

Child's Constancy.
If only we realized it, if only we cultivated it more, we could see with clear-eyed vision that all of a child's original nature breathes constancy. It is an essential strength of the undeveloped child's nature to be constant. Not until our own false examples have attacked the natural purity of the child does it become inconstant—unreliable.—Harriet Beecher Stowe.

Piles Cured in 6 to 14 Days.
Your druggist will refund money if PAIN-OINTMENT fails to cure any case of itching, bleeding or protruding piles in 6 to 14 days. No cost.

Altruistic.
Mrs. Flitterby—"So you are on the visiting committee of your social workers' society. I should think you'd find it dreadfully irksome making all those slim calls. Mrs. Hunter-Padde—"I'm willing to make the sacrifice for a good cause. Every visiting day I send my maid around with my cards."—Judge.

Constipation causes and seriously aggravates many diseases. It is thoroughly cured by Dr. Pierce's Peppermint. Tiny sugar-coated granules.

In on the Top Floor.
Wallstreet—"I'm told Jenkins is promoting a new industrial stock. Do you know what it is?" Broadstreet—"Yes, he has a patent for suspending gold posts and milestones in the air so that aviators can't lose their way."

Partial Reform.
Doctor—"You have to cut out some of this wine, woman and song business; it's killing you." Patient—"All right, doc; I'll never sing again."—Wisconsin Sphinx.

Hostetter's Stomach Bitters

It assists digestion and makes you "forget" all about stomach ills.

WHEN WRITING TO ADVERTISERS
PLEASE MENTION THIS PAPER
S. F. N. U. 21, 1913

SWIMMING

Milwaukee won three out of five swimming races in the competition with the Illinois Athletic club in the Milwaukee club tank.

BILLIARDS

Joseph Mayer of Brooklyn won the national amateur 18.2 billiard championship of America by defeating E. W. Gardner of East Orange, N. J., in the final game of the tournament at Philadelphia. The score was 400 to 287.

AQUATIC

Builders of racing shells for ocean sport that not in ten years have they been so rushed with orders. John Keast, Yale's famous boat builder, died the other day. For nearly half a century he had constructed shells, barges, canoes and other light craft. His barges and shells were used for Yale crews for many years. He was seventy-one years old.

FOOTBALL

Princeton men are to be taught boxing instead of wrestling, giving rise to the belief that Princeton's football team next season will not be so strong. A total of 87 matches in the first four rounds for the English cup, the blue ribbon event in soccer football in England, attracted 1,675,325 spectators, who paid \$244,450 to see the contests. It was announced the other day by L. W. St. John, director of athletics at Ohio State University, that J. H. Wilce of the University of Wisconsin would coach the state football team next fall.

HORSE RACING

The Greater New York half-mile light harness racing circuit will distribute \$90,000 in purses this summer. Wires are being laid for another move to relocate horse racing in New Orleans. Nineteen thousand dollars will be offered in the early closing events of the grand circuit race meeting beginning in Grand Rapids July 25. The Grand National Steeplechase handicap was won by Sir C. Assheton-Smith's Coventry. Irish Mail was second and Carney third. Twenty-two horses ran.

Surveyors have begun marking out the course for a new half-mile track at the Empire City race track, owned by James Butler of Yonkers, N. Y. The new track is to be built within the old one-mile oval. It is planned to hold trotting and running races there in August and the new track will be ready by then.

BASEBALL

Muggsy McGraw avers that the Giants will be in the race right from the start. Christy Mathewson believes the Giants will have a strong pitching staff this season.

"Long Tom" Hughes, one of Griffith's mainstays, predicts a pennant for the Washingtons. Pitcher Claus, who is the only left-hander on the Tigers' staff, is certain to get a regular job. Vincent Campbell, the fleet-footed center fielder of the Boston Braves, has quit the game again.

Manager Doolin believes Clark Griffith has a 50 per cent. stronger team this year than he had in 1912. Molly Meloon has been shifted again. The Buffalo team has sent him to the Vernon team of the Coast League. Ira Thomas, the star catcher of the Athletics, says Moriarty and Callahan are the two most dangerous men on the base lines.

President Wilson demonstrated he is some ball player himself when he tossed the first ball in Washington so Johnson could catch it. Baldomero Acosta, the new Washington outfielder from Cuba, is a wealthy player, who does not have to play for a living. St. Louis enjoyed the series between the Cardinals and Browns as much as ever this year. Some 75,000 people paid \$35,000 to watch the games.

Manager Fred Clarke will make a serious effort to get some place other than Hot Springs in which to conduct his training camp in 1914. "We're after the pennant," says Manager Birmingham of the Naps. Birney believes the Naps have a real strong team, and should finish up high.

Monte Cross, tired of duty as a scout, is adrift again. He is looking for a job as manager in the Tri-State, but is willing to manage in some other class B circuit. Manager Griffith has four stars on his twirling staff, which he believes will carry his team to the top this season. They are Johnson, Groom, Hughes and Cashion.

Jack Sheridan, the dean of the umpires' staff in the American league, is through with baseball for good. Hugh High, the young Tiger recruit, is said to be the smallest player that ever tried to break into the majors. Louis Galla, the San Antonio boy and former Southwest Texas League pitcher, has made a hit with his new manager and may stick in big company. The Pittsburgh club is far younger on the average this year than it was last. The loss of men like Leach and Lefield and the infusion of new blood has cut down the age limit.

FIRST BASEMAN LUDERUS

Manager Charlie Doolin is so well pleased with the playing and hard hitting of First Baseman Luderus that he has decided to keep the former Chicago Cub player on first base.

WRESTLING

Constant Le Marin defeated Charlie Cutler in Boston in two straight falls. George Lurich defeated Marvin Plestina in two straight falls and Carl Lemle and "Cyclone" Burns wrestled 30 minutes to a draw. "Folly" Grimm, former national amateur heavyweight champion wrestler, and John Berg, national light heavyweight champion, wrestled two hours to a draw at Seattle, neither man securing a fall.

TENNIS

The clay court tennis championship of the United States will be decided at the Omaha Field club in Omaha, Neb., on July 21.

The season for playing lawn tennis extends over 21 weeks, beginning April 24 and ending on September 22. In all 117 tournaments will be held. The Australian tennis players have left the antipodes in order to be in America to play an American team in September, which is one of the reasons why the game is called a millionaire's pastime.

Thomas G. Bundy of Los Angeles, joint holder with Maurice E. McLaughlin of the national tennis doubles championship, will not participate in the preliminary Davis cup matches in New York, June 6, 7 and 8. Business interests prevent his making the eastward trip at that time.

PUGILISM

"Cyclone" Johnny Thompson and Young Mahoney fought ten rounds to a draw at Superior, Wis. Harry Trondall won over Jack Shelton in an eight-round boxing bout at the St. Louis Athletic club. Eddie McGorty won a clear victory over Gus Christie of Milwaukee in their ten-round battle at Fond du Lac, Wis.

Fal Brown of Hibbing had the better of George Haynes of Philadelphia in six of the eight rounds at Windsor, Can.

Joe Mandot's success in New Orleans indicates the closer Joe sticks to his home town the better box fighter he is. Sammy Trott of Columbus and Eddie Forrest of Philadelphia, lightweights, fought ten rounds at Columbus to a draw.

"Gunboat" Smith struck a snag in George Rodell, the Boer heavyweight, in a ten-round bout at New York, but outlasted his opponent. Soldier Kearns stopped Soldier Delaney in the fourth round of their scheduled ten-round bout at the Atlantic Garden A. C., in New York.

GOLF

Golf will be included in the Olympic games by the Germans in 1916. This report has been included but twice before—St. Louis in 1904 and, almost accidentally, at London in 1908.

Following his 78 with a card of 73, Walter J. Travis of Garden City won the gold medal in the 36-hole qualification round of the thirteenth annual united north and south amateur golf championship with a card of 161 and a margin of 13 strokes.

MISCELLANEOUS

Changes are to be made in the basketball rules to make the game clearer for spectators.

University of Illinois rooters exulted when Robert W. Hoffman of Chicago was elected captain of the 1914 basketball team. The roof of the Union branch of the Young Men's Christian association of the Bronx, New York city, will be used for an athletic field.

Borgstrom of the University of Southern California, set a new world's record for the pole vault at the University of California, clearing the bar at 12 feet 6-1/2 inches.

John Paul Jones wind up his athletic career at Cornell by establishing a new record for the mile run at the annual eastern intercollegiate track and field championships at Cambridge on May 30 and 31. The present record for a mile is 4:15-2-5.

In addition to having the world's champion baseball team, Boston this year will hold the intercollegiate track and field championships on May 30 and 31, the national rowing championship on August 8 and 9, and may also witness the international track meet between Harvard and Yale vs. Oxford and Cambridge.

TASTY MAPLE SUGAR ROLLS

Confection That is a Luxury Where the Supply of the Saccharine Delicacy is Assured.

In maple sugar regions delicious little baking powder biscuits or rolls are made of this saccharine delicacy. To make the rolls take a quart of bread dough after it is molded for the last rising and knead into it one cupful of grated maple sugar, a quarter teaspoonful of soda and a teaspoonful of butter. Let rise, then mold again and cut out in small rolls. Let these rise for fifteen minutes and bake in a quick oven.

In making maple biscuit prepare an exceptionally rich, tender baking powder crust. Roll out about half the thickness of an ordinary biscuit and shape with a small cutter much larger than a silver dollar. The top to be small baking powder can or the cover to a tea caddy make good cutters. As each biscuit is cut out, cut in halves again, sprinkle small bits of the maple sugar over one-half of the biscuit dough, moisten the other half and press it over the first. Lay close together in the pan in which they are to be baked, so they will rise instead of spreading. Brush over with milk or melted butter and bake in a quick oven until they are brown but not hard. Serve as soon as ready.

WASH DISHES IN WOODEN TUB

Best Possible Utensil That Can Be Employed, for Reasons Given Hereafter.

Small wooden tubs are best suited for the washing of fine dishes, as they offer no hard surfaces or protruding handles upon which to mar or crack the most delicate articles. If the ordinary tubs are used, take the precaution to turn the handles in such a position that they are out of the way in lifting the dishes from one pan to the other. Place in the bottom of each pan a pad made for the purpose, or fold a towel. There should be a pan or tub of warm rinsing water in which a little mild, pure soap has been dissolved, a deep receptacle holding plenty of hot water, and a draining basket holding a soft pad or folding towel.—Today's Magazine.

Making Apple Pudding.

Three cupfuls cornd, pared and quartered apples, grated rind of one lemon, quarter of a cupful of sugar, two tablespoonfuls of lemon juice, half a teaspoonful of salt, three eggs, two tablespoonfuls of butter, one heaping cupful of flour, one teaspoonful of baking powder, and one cupful of milk. Mix the sugar, lemon rind, lemon juice, flour, salt, baking powder, milk and well-beaten eggs. When smooth add the apples, pour into a buttered baking dish, and bake in a moderate oven for one hour. Serve hot with wine sauce. For the wine sauce: Cream half a cupful of butter with one cupful of sugar, then add four tablespoonfuls of whipped cream and one tablespoonful of sherry wine.

Left-Over Sandwiches.

Sandwiches left over from an afternoon tea or reception need not be looked upon as just so much wasted material. The careful hostess utilizes them in many ways.

Ham sandwiches can be transformed into a breakfast dish simply by toasting them to a golden brown and pouring over them a cream sauce into which have been stirred minced ham and parsley. Where a more hearty breakfast dish is desired allow one pitched egg to two small sandwiches, arranging the eggs on the toast before covering with the cream sauce.

Maple Parfait.

Pour one cup of hot maple syrup into the well-beaten yolks of six eggs, cook over boiling water until thick. Remove from the fire, beat until cold, fold in one pint of cream beaten until stiff, flavor with one teaspoonful of vanilla, turn into a mold and let stand packed in salt and ice from four to five hours. Chop finely one cup of blanched almonds, cook in oil until brown and drain. Sprinkle the parfait with the nuts before serving.

Green Peas With Ham.

Boil and drain a quart of young peas; shred finely two rashers of raw ham, and fry them for a few minutes with a small piece of butter. Add two small, green onions, finely chopped, and the peas; moisten with three tablespoonfuls of bechamel sauce, two of cream, and season with salt, pepper and a pinch of sugar. Let all simmer for a few minutes longer, turn out on a hot dish, garnish with fried bread croquettes, and serve hot.

Catawba Pudding.

Whip one pint of graded double cream until solid, and gradually pour in one cupful of unfermented grape juice and the same amount of powdered sugar. Add as additional flavoring a tablespoonful of orange juice and freeze as if for ice cream. Repack in a melon mold and serve unmolded on a glass platter, sprinkled with chopped pistachio nuts.

Save Soap Ends.

Never throw away old pieces of soap. They can be used for making soap jelly for washing flannels, blouses, etc. Put by the pieces till you have a good collection, then pour on enough boiling water to just cover them, and still dissolved. Keep in a jar and use as required.

Cake Omelet.

Mix together two large spoons of flour and half a pint of milk, free from lumps. Add four eggs, well beaten, and a little salt. Bake in a small pan, in a hot oven, till there is no depression in the center, which will be in about twenty minutes. Serve immediately.

Hard Gingerbread.

One cup of butter, two cups of sugar, one-half cup of milk, one-half teaspoon of soda, two teaspoons of ginger, four eggs to roll this. Cut in squares and bake quickly.

"I am an old man—and many of my troubles never happened."—ELBERT HUBBARD

THE white hair and wrinkled faces of our busy men and women tell of doubt, fear and anxiety—more than disease or age. Worry plays havoc with the nervous system—so that digestion is ruined and sleep banished. What all is to the friction of the delicate parts of an engine—

DR. PIERCE'S

Golden Medical Discovery

is to the delicate organs of the body. It's a tonic and body builder—because it stimulates the liver to vigorous action, assists the stomach to assimilate food—thus enriching the blood, and the nerves and heart in turn are fed on pure rich blood. Neuralgia is the cry of a starved nerve for food. For forty years "Golden Medical Discovery" in liquid form has given great satisfaction as a tonic and blood maker.

Now it can be obtained in tablet form—from dealers in medicine or send 50 one-cent stamps for trial box. Write R. V. Pierce, Buffalo.

DR. PIERCE'S PLEASANT PELLETS
Relieve constipation, regulate the liver,
and bowels. Easy to take as candy.

Helping the Little Fellow.

The United Shoe Machinery Company is the only real obstacle to the formation of a shoe trust. We help the small manufacturer to start in business and keep going. He could not afford to buy and care for his machines, but he can afford to lease them on the terms we give him based on the number of shoes he makes—an average of less than 2¢ cents a pair—and let us keep them up to date. That is a fair arrangement. Some of the big fellows don't like our system, because they think we ought to give them special rates. But the little fellows stand with us because they know we treat all manufacturers alike no matter how many machine they use. If it were not for our method of doing business there would be no small factories anywhere and no prosperous factories in small towns.

The United Shoe Machinery Co., Boston, Mass.—Adv.

Size of Brain and Eye. Among human beings there is probably little difference in the sizes of the brains of the small-eyed ones than those with large eyes. Of course not many if any experiments along this line have been made, but it is claimed that men of unusual genius generally have striking eyes of more than average size. There are, of course, always exceptions.

[To Cure A Cold in One Day
Take LAXATIVE BROMO Quinine Tablets
Druggists refund money if it fails to cure. E. W. GROVER'S signature is on each box.—25c.—Adv.]

Connoisseur of Works.

"Perhaps you are familiar with the works of Ingersoll?" smilingly inquired the book salesman, as he reached under his coat for the sample bindings. "Sure I am," replied Mr. Goldberg, the jeweler; "and it's a good watch for der money!"—Lippincott's

Young America.

"Oh, dear!" sighed five-year-old Gladys, seeing her father hurry down to breakfast, while she was still undergoing the agonies of the colicure, "how soon it takes a man to dress himself!"

Extral

Crawford—"Is the postscript always the important part of a woman's letter?" Crabshaw—"It is when it's from your wife. That's where she always mentions how much money she wants."—Judge.

Tingles Blood with Warmth and Life

Anemic, Pale, Thin, Bloodless, Tired, Weary People Feel the Breath of New Life and Vigor.

Don't Let the Wicked Imps of Bad Blood Lay You Low; S. S. S. will Save You.

The blood often needs a bracing influence. It demands help. It has lost that pulsating, invigorating effect that gives brightness to the eye, springiness to the step, activity to the stomach and digestion, and that ought to make you feel keen, alive and thrilled with the sensation of nervous and muscular energy. And you can realize all of these joyful experiences by a short course of that wonderful bracing medicine so familiar to a host of people as S. S. S. It drives out the pains and aches of rheumatism, puts life into your dull, listless nerves; awakens the sluggish brain; animates the tired, weary muscles; and arouses your blood to throw out of the system all those poisonous germs and acids that cause eczema, lupus, psoriasis, acne, pimples, boils, tetter and those scrofulous taints which keep people half sick and make their skin unsightly.

Nearly all sickness is due to sluggish blood. And if you let S. S. S. bathe your system with its wonderful influence your nervous troubles, your wane, weary, faded, listless, lifeless body will revive and become so renewed with the sense of enjoyable health you will scarcely know yourself. Try S. S. S. today. Get a bottle at any drug store. It will drive out the "blues," put you on your feet; keep you going all day and enable you to sleep sound and restful. S. S. S. is not a "dope," not a phony, but a fine, bracing, purifying medicine that is sure to do you a world of good.

It is just what you need. S. S. S. is prepared in the great laboratory of Atlanta, Ga. and if you are troubled with any stubborn blood disease your medical dept. will guide you safely to health. Write them.

Entered as second-class MATTER June 12, 1905 at RICHMOND, CALIFORNIA, under the ACT OF CONGRESS of March 3, 1879.

Legal notices must be paid for on or before delivery of affidavit of publication. No exception to this rule.

San Jose is in the midst of a big cherry carnival.

Why all this eastern katowing to the Jap? Perhaps Californians are not "on the inside."

Enthusiasm is a good asset, and with money and hustle to back it, the combination is complete.

Alameda county will have a \$50,000 display at the Panama California Exposition at San Diego.

The constitutional amendment for home rule in taxation passed both houses of the state legislature and will appear upon the ballot at the next general election.

Rust is in the midst of an exciting kidnapping case. A 5-months old baby girl is the heroine, said to be kidnapped by its grand mother. It is safe to say that the baby girl will not be abused.

Ed C. Ebsen, editor and publisher of the Pinole Times, prints a bright and newsy paper. His editorial comment contains thoughts for reflection, which indicate that he has traveled some.

Read Hon. William Kent's tariff speech made by the California representative April 26 in Washington. It is the choicest and most sensible reading so far published touching on the Underwood tariff bill.

It is predicted that it will be ten years before the people get the inner harbor. Why not change the whole proposition to a channel 300 feet wide and 40 feet deep from San Pablo Bay to Albany's U. S. naval base?

Arbitration carried to the Hague tribunal cannot settle the California alien land ownership bill. Eastern dreamers can depend upon it that the minds of the people of California and the western states are made up in this matter.

San Francisco does not own its streets. No progress can be made toward municipal ownership until all the streets are accepted by the city. Richmond's water commissioners will no doubt investigate this. One of Richmond's councilmen does not favor the city owning its streets. Why?

For a complete record of the proceedings of the late legislature, go to the Richmond Carnegie Library. By looking over these telltale files you can ascertain quickly and correctly how your representatives voted on all measures introduced in the late legislature. It is stated that several local organizations, including women's clubs, labor unions and church organizations are compiling this propaganda for future reference.

PROSPEROUS RICHMOND.

To make Richmond compare commercially with other cities we must continue along the same lines the city has been working on for a number of years. The slogan of "more factories" will bring us the greatest success. The best gauge of the prosperity of a community is the amount the people of that community have put away in the banks, working for the town, building it into a stronger and better municipality. With the growth in population comes better transportation, and in this Richmond seems to be especially favored. It is a rare thing to find a street car company as popular in a community as the local company. This can be easily accounted for by observing the prosperous and contented employees, who are home builders and interested in making Richmond a great industrial center. The recognition of labor and its rights can not be better exemplified than in the prosperous condition of Richmond's transportation companies. This is due to the causes of Richmond's phenomenal growth. Labor and capital harmonize and co-operate for the upbuilding of great industries here at the natural gateway of the continent where ship and rail meet.

Those who would stir up class struggle here in Richmond are not loyal citizens. They do not possess the true American spirit and qualities that make for good citizenship, and are very much in the minority in this prosperous community.

BRIEF LABOR NOTES.

The Richmond bartenders union held a special meeting tonight.

It is said the opposition to union labor is now dancing the "Hula-Hula."

The Improved Order of Red Men of New York state require the union label on all their printing.

The supreme lodge of the Fraternal Order of Moose which met at Kansas City ordered the union label on all printing. It is now obligatory for all subordinate lodges to patronize union printing establishments.

Richmond's proposed new labor temple will be one of the most pretentious on the coast. This proves conclusively that Richmond is a beehive for labor, and that the organization of workers is complete when they can finance a temple costing from \$40,000 to \$50,000.

The Carmen's union have settled all grievances with the street railway company, and the best of feeling prevails between the company and its employees. The points settled at Wednesday night's meeting of a minor character were amicably adjusted.

The historic city of Quincy, Ill., is completing a \$35,000 labor temple. There are 27 unions in Quincy, everyone of which is a stockholder in the temple. The auditorium has a seating capacity of 1000, has a hard maple floor, the acoustic properties of the hall being perfect, words in ordinary tone being distinctly heard at the far end of the hall. The floor space of the hall is 40x120. Any character of an entertainment can be put on in this hall, which brings in a substantial revenue.

The late William Baldwin, Jr., who stood high as a railroad manager, was an earnest advocate of organized labor. He said: "As an employer I need an organization among my employees because they know their needs better than I can know them, and they are therefore the safeguard upon which I must depend in order to prevent me from doing them an injustice. We men at the top," said Baldwin, "must have combination, must have representatives and walking delegates, we have everything that a powerful labor organization can ask, with the ablest lawyers to do our bidding. Labor to protect its rights and standards needs organization, at least as much as we need it. For capital to use its strength and skill to take weapons from the working men and women is an outrage."

Secretary Treasurer Hays of the International Typographical Union makes the following statement of assets for April: Bank deposits and bonds \$550,000. This organization of printers has a home at

Philpott's Retiring FROM BUSINESS SALE

Sale now in progress as the large crowds and extra force of clerks bear evidence.

We are positively retiring from business, and the extremely low prices will soon clear the shelves of this fine stock of Dry Goods, Shoes, Furnishings, etc., for Men and Women.

Come at once and get in on this great "Retiring From Business Sale," which will save you dollars.

Philpott Dry Goods Co.
Corner 8th street and Macdonald avenue, Richmond, Cal.
Shelving and Fixtures for sale.

EXPOSITION SKIFF.

Ferdinand Skiff, who is instructing San Francisco how to put on the big 1915 show, at a salary of \$25,000 a year, is severely criticised for importing men from the east. The fair directors give way to Skiff for the reason that he came here highly recommended, with badges and medals of honor from crowned heads of Europe where he had been employed in exposition work. Skiff was years ago a newspaper man. In the early eighties he managed the Denver Tribune, coming to Denver from the little town of Lawrence, Kansas. Skiff was never popular with the newspaper hands on account of his surly personality, his aristocratic and domineering style meeting with general disfavor. While the alien land bill was pending at Sacramento he immediately

commenced active operations to have the bill killed. He went to the capital and so unfavorably impressed the legislators that they passed the bill almost unanimously. Skiff should go back east. He doesn't fit out here.

TO ADVERTISERS.

There are employed in Richmond 3000 organized workers. This newspaper was the only organ in Richmond that supported the "2700" club union candidates. The Terminal in consequence will continue to prosper and grow, for the workingman is a consumer as well as a producer and distributor of his earnings. He naturally will patronize the paper that stands by him in his struggle for better conditions. The Terminal is the workingman's friend, and its advertisers will surely reap the benefits of publicity placed in its columns. The Terminal is the oldest newspaper in Richmond, was the first to carry the allied printing trades label at its masthead. Merchants need no instructions in placing their publicity where it will be effective.

WANTED—Boarders and roomers; close in and convenient to all work in Richmond and vicinity. Call at 632 Third street.

Notice to Dealers in School Supplies.

The board of education of the city of Richmond and of Richmond School district, state of California, invites, and the clerk of said board will receive at the office of the board of education, Lincoln school, Tenth street, Richmond, California, up to the hour of 8 o'clock p. m. of Wednesday, May 23, 1913, sealed proposals for furnishing such school supplies and furniture as may be required by the Richmond school department during the school year commencing July 1, 1913, and ending June 30, 1914, as per list on file in the office of the board of education.

Said list of school supplies and furniture was adopted by the board of education on the 23rd day of April, 1913, and copies will be sent on application. Bidders must file a separate bid for each article in the list, stating the price for which said article will be furnished, and the awards will be made on the various articles, and not as a whole. Bids must be sealed, designated "Bids for School Supplies and Furniture," and will be opened by the board at or after 8 o'clock p. m. Wednesday, May 23, 1913, in the office of the board of education, Lincoln school, Richmond, California. All bids must be accompanied by a certified check in the amount of ten per cent of the total amount of all bids filed by such bidder, which check must be payable to the order of W. T. Helms, clerk of the board, and will be forfeited in case bidder refuses to enter into a contract for furnishing said supplies, if his bid is accepted.

The board reserves the right to reject any or all bids or any part of a given bid. By order of the board of education. April 23, 1913. W. T. HELMS, Clerk. may 9-16-23.

SUMMONS.

In the Justice's Court of the Fifteenth Township, County of Contra Costa, State of California.
M. R. Jones and Lee D. Windrem, Plaintiffs, vs. Cornelius O'Brien, Defendant.
You are hereby required to appear in an action brought against you by the above named plaintiffs in the Justice's Court of the Fifteenth Township, County of Contra Costa, State of California, and to answer before the Justice, at his office in said township, the complaint filed therein, within five days, exclusive of the day of service, after the service on you of this Summons, if served within the township in which this action is brought, or, if served out of said township, but in said county, within ten days, or within twenty days if served elsewhere.

And you are hereby notified that if you fail to so appear and answer, the plaintiffs will take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the Court for the relief demanded in the complaint. Given under my hand this 2d day of April, 1913. John Roth, Justice of the Peace of Said Township. Clare D. Horner, Attorney for Plaintiffs. Richmond, California. First pub mar 14. Last may 9

The Modern Way of Keeping House

Cooking with gas is the modern way of keeping house. Cooking with coal or wood means hot, hard, dirty work. And sometimes the stove won't "draw."

When you cook with gas there is no dirt or no trouble. The kitchen is always clean.

Why not investigate "Pacific Service."

Pacific Gas & Electric Co.
